EDUCATIONAL PROGRAMMING FALL 2018

Every Sunday, age-specific faith formation education will be offered for adults, children and youth. Each week's topic will correspond to our shared theme shared by all ages.

At Peace, we believe we are all called to nurture the faith of our young people through investment in their lives and modeling behaviors of a community marked by justice, peace and inclusion.

This fall's curriculum is designed to help us continue to grow in our capacity to do just that.

Meet the Intergenerational Engagement Coordinator, Lydia Ewing-Green

LYDIA IS PASSIONATE ABOUT THE HEALING POWER OF INCLUSIVE COMMUNITIES. She graduated with a double major in Biblical and Classical Thought and Literature and Pastoral Leadership, with emphases in historical theology and organizational health. She continued her masters work along the same vein, with a focus on theology and sociology of the body. Since her graduation in 2006, and a life-change that halted her graduate work in 2009, Lydia has used her knowledge of organizational health to work in marketing, sales, communications and project management. Over the past five years, she worked for People of Hope Lutheran Church as office administrator and communications coordinator.

Lydia lives with her partner Phil, son Sam (age 9), three cats and backyard chickens. She loves to garden, cook, run, sew, knit and read. She values being close to family and loves living in the same town as her parents, sister and brother-in-law (pictured above). She also has a brother in Portland.

As Intergenerational Engagement Coordinator, Lydia hopes to bring her passion for just, peaceful and inclusive community to the forefront by helping people of all ages connect with one other through shared education and volunteering events. She will be planning periodic Intergenerational Events, such as our upcoming guided walk-through of the *Lens on the Border* photography exhibit and a new

emphasis on multi-age participation in service of our Community Thanksgiving Meal.

She plans to use her passion for communications and marketing to help our faith community feel more connected to one another and engaged in shared events, as well as to continue to extend the message of God's radical love and acceptance we seek to embody at Peace to Rochester and beyond. You may have already noticed her work on our facebook presence, the bulletin and publications like this one.

She will be coordinating Adult Faith Formation on Sunday mornings and working in concert with Pastor Beth to build curriculum that shares themes with children and youth.

She will also be working closely with the Our Whole Lives healthy sexuality program to facilitate learning opportunities for all ages in this life-affirming, live-saving curriculum.

To get in touch with Lydia, stop by the office Sunday-Thursdays (she loves visitors) or email her at intergen@peacechurchucc.org.

Pastor Beth Rogers

ASSOCIATE PASTOR— Pastor Beth will continue to be responsible for age-specific programming for children, youth and families, such as Sunday Morning Faith Formation, Confirmation, and youth activities. She will continue to provide pastoral care, theological teaching and children's sermons. Contact Pastor Beth (ypastor@peacechurchucc.org).

COMING JANUARY 2019

OUR WHOLE LIVES HEALTHY SEXUALITY CURRICULUM

COMING JANUARY 2019— Our Whole Lives curriculum, which focuses on healthy relationships and sexuality, will be offered for elementary ages (grades k-6) during faith formation and for middle school (grades 7-9) and high school youth (grades 10-12) in a retreat format. Stay tuned for more information about registration and specifics as we get closer, as well as a parent and guardian information session coming in December.

Our Whole Lives (sometimes referred to as "OWL") is a holistic sexual education curriculum that "helps participants make informed and responsible decisions about their relationships, health and behavior in the context of their faith. It equips participants with accurate, age-appropriate information in six subject areas: human development, relationships, personal skills, sexual behavior, sexual health, and society and culture. It provides not only facts about anatomy and human development, but helps participants to clarify their values, build interpersonal skills and understand the social, emotional and spiritual aspects of sexuality."

INTRODUCTION TO PROGRAM YEAR FALL 2018- SPRING 2019

New Program Year, Fresh Program Focus

OVER THE SUMMER MONTHS— Peace Staff have been working hard to develop programming for the coming education year. In response to a congregational study done by Sarah Neher, which helped us to identify a need for greater connection between people of all ages at Peace, Lydia Ewing-Green has been hired as our Intergenerational Engagement Coordinator. Lydia and Pastor Beth will be working in concert to create programming that meets the age-specific needs of members, as well as the need to connection between age groups within our community of faith. You will see the following strategic shifts in our programming goals this year:

- Move toward intergenerational engagement through work with a shared theme in Sunday Faith Formation all ages, with consistent weekly offerings for adults.
- Share events that bring people together across the age groups; find shared causes people of all age groups can participate in together.
- Begin a Wednesday night, peer lead youth program and regular youth fellowship events.

PROGRAM YEAR EDUCATION OVERVIEW

SEPTEMBER/OCTOBER/NOVEMBER

Module One: God's vision of Shalom: The whole world longs for justice and peace.

Educational theme: What does a "Shalom" community look like? *An intergenerational, inclusive community is a lived expression of justice and peace. We can learn together build the social and emotional skills needed to be justice-seekers, peace-makers and inclusion-builders.*

Adult focus: All adults in our faith community are responsible to continually learn and model the core competencies of just, peaceful and inclusive community for our children and youth. What are those core competencies?

- Circles of control, influence and concern: Our responsibility to model an alternative community.
- It starts with empathy: What is Empathy? How do we listen with Empathy?
- Strategies for difficult conversations: Holiday Meal Prep Session.
- Truth telling and emotional congruence: Cultivate skills to create peace and honesty within ourselves and our relationships.

Children and Youth focus: Zechariah 8 describes God's vision of Shalom. Children will explore the various aspects of this vision of just, peaceful and inclusive community through experiential learning station rotations. Youth will explore the same themes through guided group discussions and learning activities.

God's vision of Shalom requires:

- For people to be together across generations.
- For truth to be told.
- Peace amongst the nations.
- A vibrant and healthy earth.
- Joyful worship.
- For us to share our passions with others and lead by example.

DECEMBER

Module Two: Advent and Christmas, "It's a Wonderful Life"

JANUARY/FEBRUARY

Module Three: God and love, love and neighbor.

MARCH/APRIL

Module Four: Lent and Easter: The courage to do the right thing.

ADULT FAITH FORMATION

Faith Formation is for adults now, too.

Every Sunday, age-specific faith formation education will be offered for adults, children and youth. Each week's topic will correspond to our shared theme.

This way, adults with children and youth can take the core of each lesson home to conversations around the dinner table, a ride in the car or an after-school chat. Adults without children and youth at home are also urged to participate in Sunday morning adult faith formation, as the curriculum is designed for adults of all ages and walks of life.

At Peace, we believe we are all called to nurture the faith of our young people through investment in their lives and modeling behaviors of a community marked by justice, peace and inclusion. This fall's curriculum is designed to help us continue to grow in our capacity to do just that. **Learn more about what to expect in the calendar on the following pages.**
